

Allergy Postgraduate Programme – Imperial College London

At Imperial College London, we offer a range of courses in Allergy tailored to your career ambitions. Our programme has been designed to suit all levels of healthcare professionals who deal with patients with allergic conditions, including doctors, specialist nurses and dietitians.

With flexible blended and online learning options available, you can study in a way that suits you and your schedule. Our courses are run by leading experts and incorporate the latest information on new research and clinical practice. We now offer a **new PG Cert online stream**, as well as a blended stream that includes on campus learning.

Scholarships

We are pleased to offer eight [scholarships](#) for highly motivated new UK or international applicants for the next academic year 2022-2023. One scholarship covering £3000 and another three scholarships covering £2000 towards PG Cert fees are available. For home students (UK and Ireland), these cover 50% and 30% of the PG Cert fees respectively. Scholarship applications can be made up to the 14 July 2022. Applications will be reviewed by an expert panel and decisions will be communicated by the end of July.

Virtual Information Session

If you would like to find out more about our programme, you might like to attend our upcoming online **Virtual Information Session on Wednesday 22 June, 17:00** to hear directly from our academics and students. There will also be a Q&A. Register in advance here [Allergy Virtual Information Session](#).

Visit our Allergy homepage for further information, application and registration links: <https://www.imperial.ac.uk/study/pg/medicine/allergy/>
